Dear Sir/Madam

**REF: SIGNALLING AND TELECOMMUNICATION ENGINEER II**

Refer to the heading above. I am a Tanzanian youth aged thirty-four (34) years old. I have completed my degree studies in Electronics and Telecommunication Engineering in 2015 at Dar es Salaam Institute of Technology (DIT). During my studies I attended different Industry Practical Training which gave me an experience in the field of Electronics, IT and Telecommunication. However, I have been working in different companies where I have gained experience in the field of Electronics, Telecommunication as well as ICT.

The aim of this letter is to apply for the Signaling & Telecommunication Engineer II vacancy, following the announcement of June 22, 2024 at the website [www.ajira.go.tz](http://www.ajira.go.tz). Am confident that from the experience I have attained, I can perform better as per your Institute standards.

Finally, I have attached the copies of my certificates as well as my CV as per the system requirements. I will be happy if my application will be accepted.

Your faithful

Musa Steven Kihogo
